

STUDENT CHAPTER OF SIAM MAGDEBURG

Nerd Nite 2023

06.11.2023 - After a far too long break, there is finally a **Nerd Nite** in Magdeburg again! At Nerd Nite, you can listen to three entertaining yet informative talks in a relaxed atmosphere; true to the motto "it's like the Discovery Channel — with beer!". And just like on the Discovery Channel, all the presentations are in English. Questions are explicitly welcome (also in German).

This time we could win two Magdeburg researchers from the "Polarstern" and the Kicker Syndikat to present these talks:

- **Thomas Richter**: The erratic and annoying drift of sea ice
- **Kicker Syndikat Magdeburg**: Is table soccer even a sport?
- **Carolin Mehlmann**: Sea ice in a changing climate
